

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
<b>Administration</b>							
<b>Local government environmental commitment</b>							
Has your municipality:							
a) Written or re-written its mission statement to include the local government's commitment to the environment?	2		YES				Not in mission statement, but in Commission Goals & Objectives
b) Incorporated the mission statement into the local government's comprehensive plan?	3					NO	
<b>Conservation planning</b>							
Does/has your municipality:							
a) Monitor and track local government energy use?	1					NO	
b) Developed a local government energy reduction plan?	1					NO	
c) Monitor and track local government water use?	1						
d) Developed a local government water reduction plan?	1			x			Based on SFWMD Phase III
e) Monitor and track local government solid waste generation/recycling rates?	1		YES				
f) Developed a local government solid/hazardous waste reduction plan? <b>Participate with Solid Waste Authority</b>	1		YES				
<b>Waste Authority</b>							
g) Developed an EPP program for the local government?	1					NO	
h) Encourage EPP program implementation?	1					NO	
<b>Reduce greenhouse gas emissions</b>							
Does your municipality:							
a) Participate in Cities for Climate Protection Campaign?	1					NO	
b) Purchase alternative Fuel Vehicles?	1 to 3		YES				Yes, just started (hybrid), but had in past purchased some propane trucks.
<b>Build, renovate, and maintain green government buildings</b>							
Is your municipality a member of the:							
a) Florida Green Building Coalition?	1		YES				
b) US Green Building Coalition?	1					NO	
Does your municipality:							
c) Construct LEED or FGBC certified buildings or renovate for LEED EB or CI?		1/10% of owned or leased facilities				NO	
d) Employ green cleaning and maintenance procedures?		1/20% of owned or leased facilities				NO	
<b>Dedicate personnel to green city/county process</b>							
Does your municipality:							
a) Develop and maintain an office, person, or group to coordinate current and future green city/county activities?	3 points		YES				Green Advisory Board
<b>Green local government buildings ordinance</b>							
Has your municipality:							
a) Adopted an FGBC or LEED standard as official minimum criteria for new local government buildings?	10					NO	
b) Adopted green cleaning/maintenance practices available from FL DEP?	5					NO	
c) Enacted a green landscaping ordinance for local government buildings?	1					NO	
<b>Community education</b>							
Has your municipality:							
a) Budgeted for publicity/education related to the local government's commitment to the Florida Green Local Government Standard?	1					NO	
<b>Staff education</b>							
Has your municipality:							
a) Organized green building education for local government staff?	1					NO	

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
<b>Agriculture and Extension Service</b>							
<b>Florida friendly government owned landscapes</b>							
Does your municipality: Work with public works department to modify (if necessary) and certify public landscapes under Florida Yards & Neighborhoods program?	1					NO	
<b>Community incentives</b>							
Does your municipality:  Offer free or discounted green products to the public?	2 points per product type offered for free, 1 point for each discounted product – maximum six points.)					NO	
<b>Promotion of organic farming</b>							
Does your municipality:  Offer incentives to maintain/create certified organic farms within the city/county or to incorporate sustainable and water efficient agriculture?	1 points per incentive – maximum 5 points					No	
<b>Community education</b>							
Does your municipality:							
a) Offer green building or green local government education to the community?	1 point					NO	
b) Provide green building or green local government education materials?	1 point					No	
c) Maintain an active FY&N program or other builder/developer/homeowner outreach program?	1 point					No	
d) Have an active teacher / student education program?	1 point					NO	
<b>Industry education</b>							
Does your municipality:							
a) Offer promotion and education of water conservation within the agriculture sector?	1 point					NO	
b) Offer education on principles and applications of organic farming, permaculture and sustainable agriculture?	1 point					NO	
<b>Building and Development</b>							
<b>Monitor and track green building within the city/county.</b>							
Does your municipality:							
a) Create and maintain an electronic database of all building energy code compliance?	5 points					NO	
b) Create and maintain an electronic database of all green and energy ratings conducted on all buildings and land developments within the city/county?	5 points					NO	
<b>City/County green building program with incentives</b>							
Has/does your municipality:							
a) Adopted FGBC or LEED green standards as officially recognized green standards of the city/county?	2 points					NO	
b) Offer an incentive(s) for FGBC or LEED certified commercial and institutional buildings?	4 points					NO	
c) Offer an incentive(s) for FGBC or Energy Star certified green homes?	4 points					NO	
d) Offer an incentive(s) for FGBC certified green developments?	4 points					NO	

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
<b>Preserve/enhance native habitat and natural resources.</b>							
Has/does your municipality:							
	1 points per land type – maximum						
a) Required mitigation for consumption of natural habitat or resources?	5 points					NO	
b) Enact and enforce a tree preservation or land-clearing ordinance?	1 point					NO	
c) Regulate impervious parking surfaces?	1 point					NO	
d) Enact a septic system replacement ordinance?	1 point					NO	
<b>Conserve water resources</b>							
Has your municipality:							
a) Enacted a rain sensor ordinance applicable to all functioning automatic irrigation systems?	1 point		YES				
b) Enacted a landscaping ordinance for new construction?	1 point		YES				
<b>Staff education</b>							
Does your municipality:							
a) Require all inspectors, reviewers, and supervisors to complete four hours of CEU approved course in green building on a bi-annual basis?	1 point					NO	
<b>Industry education</b>							
Does your municipality:							
a) Offer classes to industry professionals that detail any green incentives or regulations?	1 point					NO	
b) Advertise and offer incentives for local construction industry professionals to attend green building classes offered by others?	1 point					NO	
c) Conduct a green building awards program?	1 point					NO	
<b>Community education</b>							
Does your municipality:							
green building?	1 point					NO	
<u>Economic Development / Tourism</u>							
<b>Green building to spur economic development</b>							
Does your municipality:							
a) Team with the tourism department on eco-tourism campaigns?	1 point					NO	
b) Track amount of tourism that takes part in eco-related activities?	1 point					NO	VISIT FLORIDA (STATE TOURISM) DOES
<b>Green building through historic preservation/downtown revitalization</b>							
Has your municipality:							
a) Achieved Florida Main Street Designation?	1 point		YES				
<b>Local business incentives</b>							
Does your municipality:							
a) Provide incentives for location of green businesses within the city?	1 point					NO	
b) Offer special promotion for local eco-hotels?	1 point					NO	
<b>Revitalize distressed areas</b>							
Does your municipality:							
a) Provide incentives for green redevelopment?	2 points					NO	
<b>Historic preservation</b>							
Has your municipality:							
a) Developed a historic preservation ordinance?	1 point		YES				CRA
b) Developed a funding mechanism to aid with historic preservation?	1 point		YES				
<u>Emergency Management / Public Safety</u>							
<b>Reduce green house gas emissions</b>							
Does your municipality:							

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
a) Use of AFV and/or bicycle patrol for urban/neighborhood areas? b) Use renewable energy as backup / emergency power?	1 point 1 point		YES			No	Yes, we utilize bikes and Segways (electrical) but on a limited basis.
<b>Reduce solid and hazardous waste</b> Does your municipality:							
a) Maintain green fleets?	1-3 points					Not PD	
b) Have firing ranges that utilize non-lead bullets, or trap and collect fragments?	1 point		YES				Yes, we only use lead free ammunition and all material in the trap is collected.
c) Minimize photo-processing waste?	1 point		YES				We recently went to a complete conversion to digital photography so our processing is almost non-existent.
<b>Conserve water</b> Does your municipality:							
a) Review fire departments training operations and conserve water where appropriate?	1 point						
<b>Enhance durability of built environment</b> Does your municipality:							
a) Provide incentives for disaster mitigation?	1 point					Not PD	
<b>Community education</b> Does your municipality:							
a) Offer mitigation audits to homes, businesses, and local government buildings?	1 point					Not PD	
b) Create an education campaign for mitigation? (shelters point out features with signs, etc.)	1 point					Not PD	
<b>Staff training</b> Does your municipality:							
a) Train police in crime prevention through environmental design?	1 point						Every one receives the basics and some proceed through the entire certification process (PD)
b) Train public safety staff on Healthy Street design?	1 point					Not PD	
<b>Energy Utility</b> <b>Reduce green house gas emissions through renewable energy and energy efficiency</b> Does/has your municipality:							
a) Offer green power?	1 point					NO	
b) Certify renewable electricity products under Center for Resource Solutions?	1 point					NO	
c) Offer voluntary funding of green power through customer billing?	1 point					NO	
d) Become an Energy Star ally?	1 point					NO	
<b>Reduce waste</b> Does your municipality:							
a) Actively promote fly ash / blast furnace slag source?	1 point					NO	
b) Utilize recycled billing envelopes?	1 point					NO	
c) Enable customers to make online bill payments?	1 point		YES				
<b>Incentives to reduce energy use</b> Does your municipality:							
a) Offer distributed generation incentives?	1 point					NO	
b) Offer energy audits?	1 point					NO	
c) Offer commercial building incentives?	1 point					NO	
d) Offer residential building incentives?	1 point					NO	
e) Offer rate structures based on consumption?	1 point					NO	
<b>Community education</b> Does your municipality:							
a) Have informative billing?	1 point		YES				
b) Take part in any speaker's bureau or sponsor workshops?	1 point					NO	
c) Post emissions info on website?	1 point					NO	
d) Enable customers to track and analyze their usage via the internet?	1 point					NO	

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
<b>Staff education</b>							
Does your municipality:							
a) Send appropriate staff for training related to distributed generation?	1 point						
b) Send appropriate staff for energy audit training?	1 point						
<b><u>Housing and Human Services</u></b>							
<b>Provide green, affordable housing to the community</b>							
Does your municipality:							
a) Construct/renovate green buildings?	1/living unit, max. 20					NO	
<b>Increase the affordability of affordable housing.</b>							
Does your municipality:							
a) Offer affordable housing constructed by city/county and other parties mandated green?	1 point					NO	
b) Offer incentives for construction of green affordable housing?	1 point					NO	
c) Offer incentives for location efficient affordable housing?	1 point					NO	
<b>Improve current stock of affordable housing</b>							
Has your municipality:							
a) Remodeled affordable housing mandated green?	1 point					NO	
<b>Community education</b>							
Does your municipality:							
a) Offer orientation classes for residents of affordable housing or refer to existing courses?	1 point					NO	
<b>Staff education</b>							
Does your municipality:							
a) Require all applicable staff to complete equivalent of four hours of CEU approved courses in green building on a bi-annual basis?	1 point					NO	
<b><u>Human Resources</u></b>							
<b>Reduce green house gas emissions</b>							
Does your municipality:							
a) Offer alternative commuting incentives for local government employees?	1 point		YES				EDP Tri-rail
<b>Reduce solid and hazardous waste</b>							
Does your municipality:							
a) Provide reusable mug / water bottle to all employees?	1 point					NO	
<b>Staff education</b>							
Does your municipality:							
a) Include information on general local government commitment to the environment at new employee orientation?	1 point					NO	
b) Conduct or refer to special training on one or more green local government programs?	1 points per required training program, maximum 5 points.)					NO	
<b>Reduce solid and hazardous waste</b>							
Does your municipality:							
a) Operate a local government computer and equipment reuse center?	1 point					NO	
b) Recycle end-of-life electronic equipment?	1 point						
<b>Conserve energy and resources through policy</b>							
In the IT Division, we have replaced individual PC servers with SAN units and VMware servers; this reduces the overall electric carbon							

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
Has your municipality:							print usage.
a) Enacted a local government policy whereby all computer/ancillary equipment is turned off when not in use?	1 point					NO	
b) Enacted a policy whereby all computer/ancillary electronic equipment purchased has conservation features such as standby modes and double sided printing capability?	1 point						
<b>Community education</b>							
Does your municipality:							
a) Operate a website dedicated to the green local government program?	1 point		YES				<a href="http://www.sustainabledelray.org">www.sustainabledelray.org</a>
b) Or developed environmental education content for city/county websites, TV programs, etc.	1 point						
<b>Staff education</b>							
Does your municipality:							
a) Conduct regular education on energy use/energy savings modes for in-house computers and ancillary equipment?	1 point					NO	
<u>Natural Resources Management / Environmental Protection</u>							
<b>Preserve/enhance habitat.</b>							
Has your municipality:							
a) Become a designated Waterfronts Florida community?	1 point					NO	
b) Become an Audubon Sustainable Community?	1 point					NO	
c) Created an endangered lands conservation/purchasing program?	1 point					NO	
d) Become a certified community under National Wildlife Federation Wildlife Habitat program.	1 point					NO	
e) Developed and implemented a plan for invasive species removal throughout public lands in the city/county?	1 point					NO	
<b>Engage and learn from other similar departments</b>							
Is your municipality:							
a) A member of FLERA?	1 point					NO	
<b>Minimize greenhouse gas emissions and preserve air quality</b>							
Does your municipality:							
a) Offer local tax based or other AFV incentives?	1 point					NO	
b) Enact automobile emissions regulations for vehicles registered in county?	1 point					NO	
c) Require vapor controls at all gas stations?	1 point					NO	
d) Enact open burning regulations?	1 point					NO	
<b>Preserve/enhance habitat</b>							
Has your municipality:							
a) Enacted a sea turtle ordinance in coastal areas?	1 point		YES				
b) Enacted a manatee protection plan?	1 point					NO	
c) Developed a boat facility siting plan?	1 point					NO	
<b>Conserve water</b>							
Has your municipality:							
a) Enacted car wash standards?	1 point		YES				
b) Enacted fountain/water feature standards?	1 point					NO	
<b>Community education</b>							
Does your municipality have:							
a) Pertinent local GIS and other data on city/county website?	1 point		YES				
b) Air quality index on website?	1 point					NO	
c) Results from water quality testing on website?	1 point		YES				
d) Operate an environmental demonstration/learning center?	1 point					NO	
<u>Parks and Recreation</u>							
<b>Green public amenities</b>							
Does your municipality:							
a) Maintain organic community gardens?	1 point					NO	
b) Minimize chlorine in community swimming pools?	1 point		YES				
c) Install appropriate bicycle security at all public amenities?	1 point						50/50 more than half of them have bike racks

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
	1/50% of courses certified, 2/ 100% of courses certified						
d) Audubon certify public golf courses?						NO	
e) Apply green landscaping and irrigation standards, proper waterfront considerations, and integrated pest management to public amenities?	1 point						50/50
f) Minimize heat island effect/storm water runoff of recreational areas through trees, highly reflective materials, or impervious surfaces?	1 point		YES				
	1 point per beach		YES				
g) Public beaches adhere to Blue Wave Campaign criteria?	1 point					NO	
h) Implement recycling stations for plastic, glass, and aluminum beverage containers at all recreational areas?	1 point						50/50
i) Implement energy efficient lighting and controls for outdoor stadiums, courts, parks, and	1 point						
<b>Staff education</b>							
Does your municipality:							
a) Have each staff member trained in an area related to their function on a bi-annual basis?	1 point		YES				
<b>Community education</b>							
Does your municipality:							
a) Place informative signs and/or brochures at green features of public amenities that detail their benefits?	1 point						Unsure
<b>Planning and Zoning</b>							
<b>Monitor and track green building within the city/county</b>							
Has your municipality:							
a) Developed a system of sustainable community indicators related to local government planning?	1 point					NO	
b) Linked indicators to a GIS system?	1 point					NO	
	1 point per department – max						
c) Assisted other departments with the tracking of indicators related to their function?	5 points					NO	
<b>Preserve / enhance pedestrian travel within the city/county to reduce green house gas</b>							
Does your municipality:							
a) Maintain a bicycle/pedestrian coordinator on staff?	1 point					NO	
b) Implement FDOT “12 Steps Towards Walkable Communities” into the planning process?	1 point		YES				
c) Have healthy street design as an official local government policy?	1 point					NO	
<b>Green building incorporated into city/county planning process.</b>							
Has your municipality:							
a) Developed urban area boundaries?	1 point		YES				
b) Encouraged mixed-use zoning/development?	1 point		YES				
c) Maintained or reduced net impervious surface area through zoning decisions?	1 point		YES				LDR requirement minimum open space requirements
<b>Staff education</b>							
Has your municipality:							
a) Organized green building seminars and/or training sessions for staff and elected officials to attend on a bi-annual basis, or send staff to external courses?	1 point		YES				Staff external courses
<b>Ports and Marinas</b>							
<b>Preserve aquatic habitat</b>							
Does your municipality:							
a) Take part in Florida Clean Marina program?	1 point						
b) Implement advanced storm water controls and waterfront considerations?	1 point						

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
<b>Preserve aquatic habitat</b>							
Does your municipality:							
a) Offer low pollution engine incentives?	1 point						
<b>Boater education</b>							
Does your municipality:							
a) Host boater education classes?	1 point						
<u>Property Appraiser / Tax Collector</u>							
<b>Monitor and track green buildings</b>							
Does your municipality:							
a) Include green features / ratings of homes in database?	1-2 points					NO	
<b>Incentives for green building</b>							
Does your municipality:							
a) Offer tax incentives for certified green properties?	2 points					NO	
b) Offer tax incentives for lands qualifying as historic, high water recharge, greenbelt, etc?	2 points					NO	There is a classmea use Assessed value reduction that is tied to agricultural land uses. Those who qualify can receive huge reductions from Market Value. The agricultural parcels represent 462,720 acres in the county. They reduce the overall density and keep that land totally permeable and
<b>Industry education</b>							
Does your municipality:							
a) Offer green education to local lending/real estate industry	1 point					NO	
<u>Public Transportation</u>							
<b>Reduce green house gas emissions</b>							
Does your municipality:							
a) Utilize alternative fuels for fleet?	2 points					NO	
b) Institute a bicycle commuter assistance program?	1 point					NO	
c) Make amends for vehicles to accommodate bicycles?	1 point					NO	
d) Engage in carpool/vanpool assistance?	1 point					NO	
<b>Monitor and track green building progress</b>							
Does your municipality:							
a) Analyze public transportation route system to determine connectivity to bicycle and pedestrian network?	1 point					NO	
<b>Reduce solid and hazardous waste</b>							
Does your municipality:							
a) Operate a green fleet?	1 point					NO	
<b>Community education</b>							
Does your municipality:							
a) Provide public transportation route searching via the internet?	1 point						Palm Tran (County) does.
b) Provide information about alternative commuting on website?	1 point					NO	
<u>Public Works and Engineering</u>							
<b>Minimize solid and hazardous waste through recycling and reuse</b>							
Does your municipality:							
a) Have a construction project waste management/recycling plan?	3 points					NO	
b) Operate a local government material/chemical reuse/redistribution center?	1 point					NO	
c) Operate a community tool lending library?	1 point					NO	
d) Maintain a green fleet program for department or entire local government?	2 points 4 points					NO NO	
e) Utilize integrated pest management?	1 point					NO	
<b>Minimize green house gas emissions.</b>							
Does your municipality:							
a) Operate a local government alternative fueling station?	1 point					NO	

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
b) Earn waste reduction credit through the production of clean-burning fuels?	1 point					NO	
<b>Minimize local government energy use</b>							
Does your municipality:							
a) Use LED traffic lights?	1 point						N/A All street lights owned by County
b) Utilize solar or other energy efficient streetlights?	1 point					NO	
c) Operate a Rebuild America program for the local government?	1 point					NO	
<b>Enhance storm water control and water conservation</b>							
Does your municipality:							
a) Have a street sweeping program?	1 point		YES				
b) Have a routine maintenance plan for maintenance of storm sewers?	1 point		YES				
c) Employ green landscaping procedures for local government facilities?	1 point					NO	
<b>Preserve/enhance street tree coverage</b>							
Is your municipality:							
a) A Tree City USA?	1 point					NO	
<b>Reward innovation</b>							
Does your municipality:							
a) Have a reward/incentive program for employee environmental innovation in public works?	1 point					NO	
<b>Staff education</b>							
Does your municipality:							
a) Offer green fleet management training to all applicable departments?	1 point					NO	
b) Train and certify select staff as certified arborists?	1 point					NO	
<b>Community Education</b>							
Does your municipality:							
a) Have a community storm water education campaign?	1 point		YES				
<b>School Board</b>							
<b>Reduce green house gas</b>							
Does your municipality:							
a) Utilize alternative fuel for school busses?	2 points					NO	Not at present, but we are considering converting the bus fleet to B20 in the coming year or two.
<b>Preserve/enhance habitat</b>							
Does your municipality:							
a) School grounds certified by environmental program?	1-5 points						Not sure about this one, but I've heard that we may have a xeriscaped garden or two that are certified by Florida Yards & Neighborhoods...
<b>Reduce solid waste</b>							
Does your municipality:							
a) School system utilize a pollution prevention/EPP program? -	1 point						Not officially, but there will be a "waste reduction, recycling, and environmentally-preferable purchasing" policy that will be issued to all schools and administrative facilities by next school year (I wrote the policy and will present it to the Board for approval over the summer). The policy strongly encourages waste reduction strategies.

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
b) Schools have an equipment reuse program/swap shop? -	1 point						Schools do not directly swap, per se, but we do have a "property redistribution" group that takes old equipment, furniture, textbooks, etc. and returns them to a warehouse where they can be accessed by other schools – many of our charter schools take advantage of this, since they are not funded by the District for the most part...we also started a "waste exchange" for materials such as ballasts, lab chemicals, and other stuff that schools can take advantage of, as well. Obsolete computers and electronic equipment are either sold at auction or donated; retired kitchen equipment is either
c) Operate and maintain a school green fleet program?	1 point		NO				We have no hybrids and no flex-fuel vehicles that I'm aware of if that was the crux of the question...
<b>Construct and maintain green buildings</b>							
Does your municipality:							
a) Have a green operation and maintenance of buildings? -	1 point		YES				Yes, the Board decided on March 5, 2008, that all new school construction projects will be done with LEED Silver rating as a goal. We're also doing a pilot to ascertain the cost and level of commitment to certify existing schools under LEED-EB.
b) Construct/renovate green schools?	1-10 points		YES				
<b>Green building becomes official policy.</b>							
Does your municipality:							
a) Mandate for green buildings/green cleaning and maintenance?	2-4 points		YES				Yes, the Board decided on March 5, 2008, that all new school construction projects will be done with LEED-NC Silver rating as a goal. We're also doing a pilot to ascertain the cost and level of commitment to certify existing schools under LEED-EB. <i>b) Green cleaning will go in effect District-wide beginning in the next school year. It was piloted this year in two schools and was very successful.</i>
<b>Student education</b>							
Does your municipality:							
a) Involve students in green projects within the school?	2 points		YES				Yes, the students largely run the recycling programs in the schools and are instrumental in the development of organic gardening projects.
b) Involve students in green projects outside the school?	2 points		YES				Yes, students routinely participate in cleanups, rallies, awareness-raising events, via their student environmental clubs.
<b>Staff education</b>							
Does your municipality:							
a) Provide incentives for environmental training of teachers over the summer?	2 points					NO	
<b>Solid Waste</b>							
<b>Reduce local government solid waste</b>							
Has/does your municipality:							
a) Become a partner in the EPA waste wise program? <i>Participate with SWA</i>	1 point		YES				
b) Have a City/County wide chemical/hazardous waste collection? <i>Participate with SWA</i>	1 point		YES				
c) Operate public reuse store/swap shop? <i>Participate with SWA</i>	1 point		YES				
d) Have C&D separation for recycling at landfill (wood pallets, metals, cardboard, carpet padding, brick, cement, etc.)?	1 point		YES				
e) Offer recycled paint back to community? <i>Participate with SWA</i>	1 point		YES				
f) Landfill gas recovery? <i>Participate with SWA</i>	1 point		YES				
g) Developed a disaster waste management plan?	1 point		YES				
<b>Monitor and track green building</b>							

<b>Delray Green Task Force - Initial Green Audit Using FGBC Checklist</b>	Points	Best Practices	YES Completed	Substantial Progress Made	Initiated	NO Not Started	Participate
Does your municipality:							
a) Have curbside recycling for homes and businesses?	1 point		YES				
b) Monitor types and amounts of material entering landfill? <i>Participate with SWA</i>	1 point		YES				
<b>Preserve/enhance habitat</b>							
Does your municipality:							
a) Have a closed landfill management program? <i>Participate with SWA</i>	1 point		YES				
<b>Local business incentives/regulations</b>							
Does your municipality:							
a) Provide incentives for local businesses who utilize EPP or other solid waste reduction strategies?	1 point		YES				
b) Mandate recycling of typical recyclables and C&D debris for homes and businesses?	1 point					NO	
<b>Minimize solid waste generation</b>							
Does your municipality:							
a) Offer volume based or special rates for solid waste collection?	1 point					NO	
b) Offer mulched yard waste to community? <i>Participate with SWA</i>	1 point		YES				
<b>Community education</b>							
Does your municipality:							
a) Teach EPP / recycling to local businesses?	1 point		YES				
b) Have an education program for solid waste management?	1 point		YES				
<b>Staff education</b>							
Does your municipality:							
a) Conduct a customer waste survey?	1 point					NO	
<u>Water and Wastewater</u>							
<b>Plant operations aimed at environmental performance</b>							
Does your municipality:							
a) Seek the FLDEP plant operations excellence award?	2 points					NO	
b) Have a reclaimed water infrastructure?	2 points		YES				
<b>Reduce energy use</b>							
Does your municipality:							
a) Conduct an energy audit of treatment facilities?	1 point					NO	
b) Use cogeneration?	1 point					NO	
<b>Reduce solid and hazardous waste</b>							
Does your municipality:							
a) Use recycled bill envelopes?	1 point					NO	
<b>Reduce water use</b>							
Does your municipality:							
a) Utilize rate structures based on consumption?	1 point		YES				
b) Have low flow fixture rebates?	1 point					NO	
c) Enforce watering restrictions during meter reads?	1 point					NO	
d) Require metering of shallow aquifer removal and sub-metering of multi-family housing.	1 point					NO	
<b>Community education</b>							
Does your municipality:							
a) Utilize informative billing?	1 point		YES				
b) Distribute printed material or create internet content detailing water wastewater source, quality, treatment processes?	1 point		YES				
c) Create an education campaign for water use reduction (nature-scape, rainwater, etc.)?	1 point					NO	
d) Maintain an on-call water quality program?	1 point					NO	
e) Become part of groundwater guardian program?	1 point					NO	
f) Offer home and business audits?	1 point					NO	
g) Enable customers to track and analyze their usage via the internet?	1 point					NO
